

Integration checklist

Have you added your booking links to all the right channels?

Is your widget working accurately?

Is your floating button appearing at the right time?

Have you added reminder links?

Do you have your QR codes linked to the booking page?

Need the respective link? Please contact our implementation team to help you.

Tips to get online bookings from pet owners and referring vets

Tip 1

Add a hold message: Let pet owners know they can book appointments online when they are on hold. [Get sample scripts and social media banners here](#)

Tip 2

Post on social media: Use our ready-to-go banners to promote online booking. [Access to all our guides and marketing material](#)
